Many parents are trying to teach their youth how to manage money. Many youth have to earn their portion for camps, mission trips and other youth events. We also have many older youth who have to work to pay not only for church functions but clothing, gas and school materials. The problem for the younger students is they aren't old enough to go get a job nor could they get themselves there if they had one. The problem for the older students is many jobs won't honor their request to be off on Sundays and Wednesdays for church functions. So we are working on a couple different ways to help our youth make some money and learn the importance of managing their money. Below is a form for you to fill out for odd jobs you need done. These jobs may be construction in nature, working on your car, landscaping, or sorting through old boxes. Keep in mind these youth have been a part of several construction type mission trips and are skilled in many areas. Some youth may even have their parents with them, so I would encourage you to write down any and all jobs you are struggling to get done by yourself. Mail them to me at the church or drop them in the collection plate on Sunday. I will put all of the forms received in a "job book" in the youth area. Youth will then be able to come by, look through it and find a job they can do. Some of our older youth are looking for steady money so if you have things that need to be done on a regular basis like mowing or babysitting you might mention somewhere it will be an ongoing project!! If you have any questions about what we are doing please call me 732-0356 or email [liz\\_wilson@coxinet.net](mailto:liz_wilson@coxinet.net) . Thank you so much your support!!
